ORDERS - INSTRUCTIONS

In case of an Order received by the Company by any means other than through the Trading Platform, the Order will not be processed.

The Company reserves the right, at its discretion, to reject all requests received except those received through the Online Trading Platform.

The Client has the right to authorize a third person to give instructions and/or Orders to the Company or to handle any other matters related to this agreement, provided that the Client has notified the Company in writing that a third party shall exercise such a right and that this person is approved by the Company and fulfils all of Company's conditions to allow this. Unless the Company receives a written notification from the Client terminating the said person's authorization, the Company will continue accepting instructions and/or Orders given by this person on behalf of the Client, and the Client will recognize such Orders as valid and binding on the Client. The Company requires two (2) working days' written notification for the termination of the authorization to a third party.

Once the Client's instructions or Orders are given to the Company; they cannot be revoked.

The transaction (opening or closing a position) is executed at the "BID" / "ASK" prices or "CALL" / "PUT" offered to the Client. The Client chooses the position he wishes to take and requests to receive a transaction confirmation from the Company. The transaction is executed at the prices the Client can see on the screen. Due to the high volatility of the markets during the confirmation process, the price may change, and the Company has the right to offer the Client a new price. If the Company provides the Client with a new price, the Client can either accept the new price and execute the transaction, or refuse the new price, thus cancelling the execution of the transaction.

Telephone conversations between the Client and the Company may be recorded and kept by the Company, and recordings will be the sole property of the Company.

The Client, using the Trading Platform, can give only the following Orders of trading character:

- OPEN – to open a position;
- CLOSE – to close an Open Position;
- To add, remove, and edit Orders for Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop, Put, Call, and Closed. Any other Orders are unavailable and are automatically rejected. The Open or Closed Position confirmed cannot be cancelled by the Client.

Orders can be placed, executed, changed or removed only within the operating (trading) time and shall remain effective through the next trading session. The Client's Order shall be valid and in accordance with the type and time of the given Order, as specified. If the time of validity of the Order is not specified, it shall be valid for an indefinite period.

The Company shall not be held responsible in the case of delays or other errors caused during the transmission of Orders and/or messages via the Internet or other communications network, as well as for damage which may be caused by the non - validity of securities, or a mistake in the bank account balance of the Client. The Company shall not be held responsible for the information received via the Internet or other communications network or for any loss that the Client may incur if this information is inaccurate.

The Client acknowledges and agrees that the Company has the right to close any transaction, at its sole and absolute discretion, without providing prior notice to the Client, if the underlying asset or contract on which the transaction is based settles on an expiry date as determined by the relevant Financial Market, a reasonable time before such Expiry Date (such time referred to as "**Closing Time**" and the relevant expiring transaction referred to as an "**Expiring Transaction**"). The Company shall indicate the Closing Time for each asset in the relevant Contract Specifications. The Company will not be obligated to roll over an Open Position in an Expiring Transaction.

The price of the Expiring Transaction will be (a) the last traded price at or prior to the Closing Time; plus or minus (as the case may be) (b) any spread the Company may apply when such an Expiring Transaction is closed. The Client acknowledges that the Client's responsibility is to make itself aware of the Closing Time and any spread or commission that the Company may apply when closing an Expiring Transaction.

The Company reserves the right to change the opening/closing price (rate) and/or size and/or a number of the related transaction (and/or the level and size of any Sell Limit, Buy Limit, Sell Stop, Buy Stop order) if any Financial Instrument becomes subject to possible adjustment as the result of any event set out in paragraph 6.12. below (hereinafter the "**Corporate Event**"). This operation is applied exclusively to securities and intends to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event. All actions of the Company arising from such adjustments are conclusive and binding upon the Client. The Company shall inform the Client of any adjustment as soon as reasonably practicable.

While a client has any Open Positions on the ex-dividend day for any Financial Instrument, the Company reserves the right to close such positions at the last price of the previous trading day and open the equivalent volume of the Financial Instrument at the first available price on the ex-dividend day. In this case, the Company has to inform the Client by internal mail within the trading terminal about the possibility of such actions not later than the trading session's closing before the ex-dividend day.

“Corporate Events” are the declarations by the issuer of the equity on which the Financial Instrument is based, including without limitation with respect to the terms of any of the following:

- a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or free distribution of shares to existing shareholders by way of a bonus, capitalization or similar issue;
- an allocation to existing holders of the underlying shares of additional shares, other share capital or securities granting the right to payment of dividends and/or proceeds of liquidation of the issuer equally proportionately with such payments to holders of the underlying shares, or securities, rights or warrants granting the right to a distribution of shares or to purchase, subscribe or receive shares, in any case for payment (in cash or otherwise) at less than the prevailing market price per share as determined by the Company;
- any other event in respect of the shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of the shares.

If at any time trading on a relevant Financial Market is suspended, the Company shall calculate the value of the underlying asset of the Financial Instrument with reference to the last traded price before the time of suspension, as reasonably determined by the Company if no trading in that underlying asset is undertaken during the business day on which a suspension occurs. In the event that the aforesaid suspension continues for five (5) business days, the Company may decide, at its sole and absolute discretion, a Closing Time and price of the underlying asset. During the term of a transaction whose market is suspended, the Company shall have the right to close the position at its discretion and/or to amend or vary the margin requirements and margin rates.

If a Financial Market announces that according to the rules of such Financial Market the relevant underlying asset has ceased (or will cease) to be listed, traded or publicly quoted for any reason and is not immediately re-listed, re-traded or re-quoted on the relevant Financial Market or quotation system located in the same country as the Financial Market (or where the Financial Market is within the European Union, in any Member State of the European Union), or already so issued, quoted or traded the day on which such event occurs, or (if earlier) is announced, shall be the Expiry Date, and the Closing Time shall be a reasonable time before such Expiry Date. The closing price will be such price as notified by the Company to the Client.

Orders: Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop, on Financial Instruments are executed at the price declared by the Client on the first current price touched. The Company reserves the right not to execute the Order or change the opening (or closing as the case may be) price of the transaction in case of a technical failure in the Trading Platform, the quotes feed, or other technical failures.

Under certain trading conditions, it may be impossible to execute Orders (Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop) on any Financial Instrument at the declared price. In this case, the Company has the right to execute the Order or change the opening (closing) price of the transaction at the first available price. This may occur, for example, at times of rapid price movement if the price rises or falls in one trading session to such an extent that under the rules of the relevant exchange, trading is suspended or restricted. Or this may occur in the trading session start moments. Hence, as a result, placing a Stop Loss order will not necessarily limit the Client's losses to the intended amounts because market conditions may make it impossible to execute such an Order at the stipulated price.

The Client may submit to the Company in writing by e-mail or delivery by hand his objection to the execution or the non - execution or the mode of execution of a transaction and/or Order concluded on his behalf within two (2) working days from the conclusion of the transaction. Otherwise, the transaction will be considered valid and binding on the Client.

At a Margin level of 50% "fifty", the Company will automatically close all positions at the price offered by the Company at the current time.

The Client agrees and realizes that all conversations/communications between the Client and the Company can be recorded on magnetic, electronic or other means. The Client further agrees that the Company has the right to use these records as evidence in the event that any dispute arises between the Company and the Client.

The Company reserves the right to not accept/refuse and not offer the execution of transactions on behalf of the Client ordered via telephone, fax, email or any other method.

In case of force-majeure, hacker attacks and other illegal actions against the Trading Platform or any of the Company systems, or the event of a suspension of trade in the financial markets relevant to the Financial Instruments of the Company, the Company may suspend, freeze or close the Client positions and request the revision of the executed transactions.

All price levels on the Trading Platform are determined at the Company's discretion. Any references of the Client to prices of other trading or information systems shall be disregarded.

The Client shall not use any software for automatic trading in his account. Furthermore, the Client shall not use or allow the use of a device with which the Client is performing transactions in any manner obstructing and/or interfering with the regular and ordinary carrying out of such transactions as contemplated by the Company (e.g. using expert advice software, auto clicker and similar software).

The Company has the right at its discretion to increase or decrease spreads on Financial Instruments depending on market conditions.

The Company has the right not to accept trading in currency pairs, be determined in its own absolute discretion, and after a critical news release (e.g. breaking news events and economic indicators announcements).

The Company is not responsible for any delay in transferring funds to the Client's trading account on the online trading platform. The Company reserves the right to use, add, amend, accept and/or cancel any agreement regarding the deposit method offered to the Client of transferring funds to the Company's client account, at its discretion at any given time. Deposits to the Company's client account are accepted only if the Company is satisfied with the information provided by the client and is in accordance with the Company's policy and relevant regulations and directives issued by authorities. The Company has the right to refuse/reject to accept deposits on the Company's client account at its own discretion.

Under Applicable Regulations, the Company will keep records containing Client personal data, trading information, account opening documents, communications and anything else which relates to the Client for at least five years after termination of the Agreement or a Transaction

REFUSAL TO EXECUTE ORDERS

The Client acknowledges that the Company shall have the right, at any time and for any reason and without giving any notice and/or explanation, to refuse, at its discretion, to execute any Order, including without limitation in the following cases:

- Whenever the Company deems that the execution of the Order aims at or may aim at manipulating the market of the Financial Instruments; constitutes abusive exploitation of privileged, confidential information (insider trading); contributes to the legalization of proceeds from illegal acts or activities (money laundering); and/or affects or may affect in any manner the reliability or smooth operation of the electronic Trading Platform;
- Whenever the Order concerns the purchase of any Financial Instrument, but there are no available cleared funds deposited with the Company and/or in the Bank Account (as in paragraph 10 below) to pay the purchase price of the relevant Financial Instrument and all the charges relating to the said Trading Platform. In calculating the said available funds, all funds required to meet any of the Client's obligations include, but without limitation, obligations that may arise from the possible execution of other previously registered purchase Orders, which will be deducted from the cleared funds deposited with the Company and/or in the Bank Account.

The Company is not obliged to give reasons or notice as to the reasons for suspending, declining or cancelling the Client's orders or instructions. Moreover, in the event that the Company does decide to suspend or cancel an instruction, such cancellation will not affect any obligation which the Client may have towards the Company or any right which the Company may have against the Client or his assets.

The Client declares that he shall not knowingly give any order or instruction to the Company that might instigate the Company acting concerning paragraph 7.1. above.

SETTLEMENT OF TRANSACTIONS

The Company shall proceed to a settlement of all transactions upon execution of such transactions.

A statement of Account will be provided by the Company via the Trading Platform to the Client monthly, within five (5) working days from the end of the previous month. In case no transactions were concluded in the past month, the Client is deemed to have lost his right to be informed. Any confirmation or proof for any act or statement of account or certification issued by the Company in relation to any transaction or other matter shall be final and binding on the Client unless the Client has any objection with regard to such statement of account or certification and the said objection is filed in writing and received by the Company within two (2) working days from the receipt or the deemed date of receipt of any statement of account or certification.

In the case where the Client can have an online statement for his account on a continuous basis, then the Company is considered as having fulfilled its obligations under paragraph 8.2, and any objections of the Client shall be valid only if received by the company in writing within two (2) working days from the transaction under complaint.

CLIENT ACCOUNTS

All amounts handed over by the Client to the Company or which the Company holds on behalf of the Client, for the provision of Investment Services as in paragraph 2. above, shall be held in the name of the Client and/or in the name of the Company on behalf of the Client in an account with any bank or other institution used to accept funds which the Company shall specify from time to time (the "**Bank Account**").

Upon signing the Agreement, the Client authorizes the Company to make any deposits and withdrawals from the Bank Account on his behalf, including, without prejudice to the generality of the above, withdrawals for the settlement of all transactions undertaken under the Agreement and all amounts which are payable by or on behalf of the Client to the Company or any other person.

Unless the Parties otherwise agree in writing, any amount payable by the Company to the Client shall be paid directly to the Client.

The Company retains a right of set-off and may, at its discretion, from time to time and without the Client's authorization, set-off any amounts held on behalf and/or to the credit of the Client against the Client's obligation to the Company and/or merge any accounts of the Client with the Company. Unless otherwise agreed in writing by the Company and the Client, this Agreement shall not give rise to any rights other than those set out herein or to any credit facilities.

The Client has the right to withdraw the funds which are not used for margin covering, free from any obligations from his account without closing the said account.

Money transfer (withdrawal from Trading Account) is achieved within three (3) banking days after receiving a withdrawal request instruction from the Client. Then the transferring amount reduces the balance of the Client's account on the day the withdrawal request is processed. The Company reserves the right to decline a withdrawal request if the request is not in accordance with paragraph 9.9 below or delay the processing of the request if the not satisfied complete documentation of the Client.

The Client agrees to pay any incurred bank transfer fees when withdrawing funds from his account to his designated bank account. The Client is fully responsible for the payment details that he has

provided to the Company, and the Company accepts no responsibility for the Client's funds if the Client's given details are incorrect. It is also understood that the Company assumes no responsibility for any funds not deposited directly into the Company's bank accounts.

The Client agrees that any amounts sent by the Client or on the Client's behalf in the Bank Accounts will be deposited to the Client's Trading Account at the value date of the payment received and net of any charges/fees charged by the Bank Account providers or any other intermediary involved in such transaction process. The Company must be satisfied that the sender is the Client or an authorized representative of the Client before making any amount available to the Client's Trading Account; otherwise, the Company reserves the right to refund/send back the net amount received to the remitter by the same method as received.

Withdrawals should be made using the same method used by the Client to fund his Trading Account and to the same remitter. However, the Company reserves the right to decline a withdrawal with a specific payment method and suggest another payment method where the Client needs to complete a new withdrawal request. The Company further reserves the right to request further documentation while processing the Clients' withdrawal request. If the Company is not satisfied with any documentation provided by the Client, the Company may reverse the withdrawal transaction and deposit the amount back to the Client's Trading Account. The amount of withdrawal per credit card is only allowable for an equal amount of money deposited per credit card or less. More significant amounts must be wire-transferred to a bank account.

In the event that the Bank Account provider reverses any amount received in the Bank Accounts at any time, and for any reason, the Company will immediately reverse the affected deposit from the Client's Trading Account and further reserves the right to reverse any other type of transactions effected after the date of the affected deposit. It is understood that these actions may result in a negative balance in all or any of the Client's Trading Account(s).

The Client agrees that in case of such a negative balance in any of the client's Trading Account(s), the Company can transfer such an amount from any other Trading Account of the Client to that account to cover the negative balance. Furthermore, it is understood and accepted by the Client that in the case that there are no sufficient amounts to cover the negative balance in the Trading Account, the Company reserves the absolute right to terminate this agreement with twenty-four (24) hours' notice through the Trading Platform or email and claim the amount of negative balance and any expenses it might incur.

The Client agrees to waive any of his rights to receive any interest earned in the money held in the Bank Account and consents that the Company will benefit from such interest earned to cover registration/general expenses/charges/fees and interest related to the administration and maintenance of the Bank Account.

Inactive accounts for a set period of at least ninety (90) calendar days, we will regard your accounts to be Dormant. An account shall be deemed dormant from the last day of the ninety (90) calendar days in which there has been no activity (trading/withdrawals/deposits) in the account. Any pending orders may be deleted from dormant accounts. The dormant account will be charged a monthly dormant fee of Euro 10 (ten euros) or the full amount of the free balance in the account if the free balance is less than Euro 10 (ten euros). There will be no charge if the free balance in

the account is 0 (zero). Accounts with zero balance will be archived after ninety (90) calendar days.

The Company is entitled to receive fees from the Client for its Investment Services provided as described in the Agreement and compensation for the expenses it will incur for the obligations it will undertake during the execution of the said Investment Services. The Client shall pay the Company immediately when so requested by the latter and the Company is entitled to debit the account of the Client with any value-added tax or any other tax, contribution or charge which may be payable as a result of any transaction which concerns the Client or any act or action of the Company under the Agreement (excepting taxes payable by the Company in relation to the Company's income or profits).

The Company reserves the right to amend at its discretion all such commissions, costs and financing fees. All information relating to the aforementioned amendments will be available on the Main Website, which the Client must review during the period the Client is dealing with the Company and especially before placing any orders with the Company. Accordingly, the Client is deemed to have seen, reviewed and considered the Company's commission, costs and financing fees and any changes that the company may make thereto from time to time.

The Client may deposit funds into the Trading Account at any time during the course of this Agreement. Deposits will be made via wire transfer, or any other methods accepted by the Company from time to time. The Company will not accept third-party or anonymous payments in the Client Account. Deposits for Margin and any other deposits due will, unless otherwise agreed or specified by us, be required in the Currency of the Trading Account, based on your country of origin as specified in your address and as shall be specified on the Trading Platform. We shall not, and you shall not request us to convert any monies standing to your credit or which have been paid by you into your Trading Account in one currency to another currency. Detailed information about deposit options is shown on the Website.

The Company shall have the right to request the Client at any time any documentation to confirm the source of funds deposited into the Client Account. The Company shall have the right to reject a Client's deposit if the Company is not duly satisfied as to the legality of the source of funds.

If the Client makes a deposit, the Company shall credit the relevant Trading Account with the relevant amount received by the Company within one Business Day following the amount is cleared in the Company's bank account.

If the funds sent by the Client are not deposited in the Trading Account when they were supposed to, the Client shall notify the Company and request the Company to make a banking investigation of the transfer. The Client agrees that any investigation charges may be deducted from his Trading Account or paid directly to the bank performing the investigation. The Client understands and agrees that to perform the investigation, the Client shall have to provide the Company with the requested documents and certificates.

The Company shall affect withdrawals of Client funds upon the Company receiving a relevant request from the Client in the method accepted by the Company from time to time.

Upon the Company receiving an instruction from the Client to withdraw funds from the Client Account, the Company shall pay the said amount within five (5) Business Days, if the following requirements are met:

- the withdrawal instruction includes all necessary information in the Personal Area.
- the instruction is to make a transfer to the originating account (whether that is a bank account or a payment system account) from which the money was initially deposited in the Trading Account or at the Client's request to a bank account belonging to the Client;
- the account where the transfer is to be made belongs to the Client;
- at the moment of payment, the Client's Balance exceeds the amount specified in the withdrawal instruction, including all payment charges.
- No Force Majeure event prohibiting the Company from effecting the withdrawal.
- The Client must be fully verified according to Verification guidelines set forth on the Website.

It is agreed and understood that withdrawals would only be affected towards the Client. The Company will not make withdrawals to any other third party or anonymous account.

The manner in which we remit monies to you will be at our absolute discretion. The Company reserves the right to decline a withdrawal request of the Client asking for a specific transfer method, and the Company has the right to suggest an alternative.

All payment and transfer charges of third parties will be borne by the Client, and the Company shall debit the relevant Trading Account for these charges.

Withdrawal fees may apply from time to time depending on the Client or type of Trading Account. The applicable fees may be found on the Company's Website.

Mistakes made by the Company during a transfer of funds shall be refunded to the Client. It is understood that should the Client provide wrong instructions for a transfer, the Company may be unable to correct the mistake, and the Client may have to bear the loss.

We reserve the right to seek reimbursement from you if we receive a charge-back from any credit card issuer or concerning any other payment method, for any reason. We may obtain such reimbursement by charging your Trading Account, deducting amounts from future payments owed to you, charging your credit card or obtaining reimbursement from you by any other lawful means. All bank charges howsoever arising will be deducted from your Trading Account.

As per the provisions of the Prevention and Suppression of Money Laundering Activities Law (the "Money Laundering Law") and the Directive for the Prevention of Money Laundering and Terrorist Financing (the "Money Laundering Directive") issued by the CySEC, although the Company must undertake the verification of identity before the establishment of the business relationship or the carrying out of an occasional transaction, the Company may allow the verification of identity to be completed during the establishment of the business relationship, assuming:

- That this is necessary not to interrupt the normal course of business;
- The risk of money laundering or terrorist financing occurring is low; and
- The relevant procedures, which include (where appropriate) obtaining documents/data from a reliable and independent source, creating the economic profile and carrying out a suitability/appropriateness test, are completed as soon as practicable after the initial contact.

When establishing a business relationship with a client the identity of which has not been verified, the risk may be assessed as low when at least the following are applied by the Company:

- The cumulative amount of deposited funds must not exceed €2,000, irrespective of the number of accounts the client holds with the Company;
- Deposits are only accepted from a bank account (or through other payment means linked to the bank account, e.g. credit card), that is in the name of the client with whom the business relationship has been established;
- The cumulative time in which the verification of identity must be completed must not exceed 15 days from initial contact (initial contact takes place the moment the client either accepts the terms and conditions or makes his first deposit – whichever comes first);
- Where the verification of identity has not been completed within the 15-day timeframe, the business relationship will be terminated on the date of the deadline's expiry, and all deposited funds (including profits or losses) will be returned to the client in the same account from which they originated, regardless of whether the client requested the return of the funds or not; and

No funds will be withheld, and no accounts will be frozen, except in the event there is a suspicion of money laundering.

Regarding non-face-to-face clients, the Company's practical procedure is to communicate with such clients via video call, provided the video recording and screenshot safeguards apply to the communication. It is provided that a client whose identity was identified hereunder cannot deposit an amount over €2,000 annually, irrespective of the number of accounts that he keeps with the Company unless an additional measure is taken to ascertain his identity. During the internet communication, the Company shall confirm additional aspects of the identity details submitted by the client during the account opening.

The Client acknowledges and gives his explicit consent regarding the application by the Company of the procedure cited in points above.

SAFEGUARDING OF CLIENT MONEY

The Company will promptly place any Client money it receives into one or more segregated account(s) (denoted as 'clients' accounts') with reliable financial institutions (within or outside Cyprus or the EEA) such as a credit institution or a bank in a third country. It is understood that the Company may keep merchant accounts in its name with payment services providers used to settle payment transactions of its clients. However, for the avoidance of doubt, it is noted that

such merchant accounts are not used for the safekeeping of Client money but only to effect settlements of payment transactions.

According to Applicable Regulations, the Company shall exercise due skill, care and diligence in the selection and appointment and periodic review of the financial institution and the arrangements for holding the client's money. The Company considers the expertise and market reputation of such institutions to ensure the protection of the Client's rights and any legal or regulatory requirements or market practices related to the holding of Client money that could adversely affect the Client's rights.

According to Applicable Regulations, for the purposes of safeguarding Client money, the Company:

- shall keep such records and accounts as are necessary to distinguish Clients' assets from its own and of other Clients'; such records shall be accurate and correspond to the Client money.
- shall conduct, regular, reconciliations between its internal accounts and records and those of any third parties by whom those assets are held.
- shall at all times keep Client money segregated from the Company's own money.
- shall not use Client money in the course of its own business.
- shall take the necessary steps to ensure that Client money deposited with a financial institution is held in an account(s) identified separately from any accounts used to hold funds of the Company.
- shall introduce adequate organizational arrangements to minimize the risks of the loss or diminution of Client money- due to misuse, fraud, poor administration, inadequate record-keeping, or negligence.

The Company has a duty to and shall exercise due skill, care selecting and monitoring, and diligence in selecting and monitoring the financial institution. However, it is understood that there are circumstances beyond the control of the Company. Hence, the Company does not accept any liability or responsibility for any resulting losses to the Client as a result of the insolvency or any other analogous proceedings or failure of the financial institution where the Client's money will be held.

The financial institution where Client money will be held may be within or outside Cyprus or the EEA. It is understood that the legal and regulatory regime applying to any such financial institution outside Cyprus, or the EEA will be different from that of Cyprus. Hence, in the event of insolvency or any other equivalent failure or preceding of that person, the Client's money may be treated differently from the treatment which would apply if the money was held in a Segregated Account in Cyprus.

The financial institution to which the Company will pass Client money may hold it in an Pool account. Hence, in the event of insolvency or any other analogous proceedings concerning that financial institution, the Company may only have an unsecured claim against the financial institution on behalf of the Client, and the Client will be exposed to the risk that the money received by the Company from the financial institution is insufficient to satisfy the claims of the Client.

It is understood that the Company may hold Client money and the money of other clients in the same account (omnibus account).

The Company shall not account to the Client for profits or interest earned on Client money (other than profit gained through trading Transactions from his Trading Account(s) under this Agreement), and the Client waives all right to interest.

The Company may deposit Client money in overnight deposits and will be allowed to keep any interest.

The Company is a member of the Investors Compensation Fund (ICF). So, depending on his classification, the Client may be entitled to compensation from the ICF in the event that the Company is unable to meet its obligations as explained in the document with the title Investors Compensation Fund, found on the Company's Website.

We may specify the Trading Platform expiration times and dates for various Underlying Assets traded on the Trading Platform. If the Trading Platform specifies such a time of expiration for an Underlying Asset, you hereby authorize us to close any open Transactions concerning such an Underlying Asset at a price quoted on the Trading Platform at such time.

- suspend or modify the application of all or part of the Agreement to the extent that the Force Majeure Event makes it impossible or impracticable for us to comply thereto; or
- alter the Trading Hours for a particular Transaction.

You agree that we will not be liable in any way to you or any other person in the event of a Force Majeure Event, nor for our actions according to this client agreement if we decide to take such action. The Parties shall be released of all responsibilities for partial or complete non-fulfilment, and for improper fulfilment of the obligations under this Agreement, if such non-fulfilment or improper fulfilment was a result of a Force Majeure Event, which occurred after the Client Agreements were concluded.

It is the Client's responsibility to monitor at all times the amount deposited in his Trading Account against the amount of any Margin required under this Agreement and any additional margin that may become necessary.

You are aware and acknowledge that we may, in our sole discretion, require you to take certain actions in your Trading Account pursuant to a Margin Call. A Margin Call may be based upon several factors, including, without limitation, your overall position with us, your account size, the number of open Transactions you have, the volume traded, your trade history and market conditions.

The Company shall not have an obligation to make any Margin Call to the Client but in the event that it does, or in the event that the Trading Platform warns the Client that it reached a certain percentage of the Margin in the Trading Account, the Client should take any or any of the three options, within a short time, to deal with the situation:

- Limit his exposure (close trades); or
- Hedge his positions (open counter positions to the ones he has right now) while re-evaluating the situation; or
- Deposit more money in his Trading Account.
